Knights fight 2 honor glory apk

Knights Fight 2: Honor and Glory - a medieval duel with cool graphics like on a computer. In this game, a fairly realistic type of weapon and equipment is used for the knights of the moment, you have to increase your strength to penetrate your opponent's defenses and inflict the maximum possible damage to him. For story lovers, a single-player company has been thought of where you will meet many ruthless gladiators, enter the arena and prove to everyone that you can be called the best fighter in the whole world. History buffs and gladiators should love this game. Description : Knights Fight 2 Honor & Glory is a cool action in a medieval setting that allows players to participate in knight tournaments, fight with enemies and other exciting events that are interesting but very risky for health reunions. They have convenient controls. With his help, it will be possible to quickly and accurately create a series of attacks or quickly get into a dead defense in case of unexpected enemy maneuvers. Beautiful graphics and animations, lots of levels, a variety of weapons, armor and other things as well as modes, locations, and more await anyone who loves high-quality fighting games. Knights-Fight-2-Honor-Glory-v0-9-Mod- apk Train to become arena champion. In an era of knights, wars of roses and castle reigns and knives, knights reign supreme. As an aspiring hero, prove yourself in stirring up medieval struggles - for honor and glory. Intense duels against knights, paladins, heroes, and other champions will brutally test your skills. Customize your strategy in real time: block attacks at the right time, attack from which your opponent is open and know when to play the hero and when to hold your knife. Block, surprise, fend, counterattack, escape or even shoot with a kick: each skill is useful for taking advantage during duels and being the one to take the initiative. But beware of resistance meters, so that you are not tired and have an easy opening - mistakes will be severely punished by your rivals and their dark souls. Create your own formidable arsenal of weapons and place your knives on the walls: swords, axes, mace - all used differently (HEMA fans: half sword and mordhau do not include ... however). The perfect armor raft to provide an inenetrable defense, complete with paired helmets and shields - each with a unique aesthetic. As an aspiring hero, prove yourself in a busy medieval fight - for honor and glory. Intense duels against knights, paladins, heroes, and other champions will brutally test your skills. Customize your strategy in real-time: block attacks with a good time attack from which your opponent is open, and know when to play the hero and when to hold your knife. Block, clash, fend off, fight, avoid or even throw it away with kicks: each skill is useful for taking advantage during duels, and and who took the initiative. But pay attention to that stamina gauge, so that you do not allow yourself to get tired and present an easy opening - mistakes will be punished harshly by your rivals and their dark souls. Create your own formidable arsenal of weapons and place your knives on the walls: swords, axes, maces - all used differently (HEMA fans: half sword and mordhau do not include ... however). Collect the perfect armor to give you an inenetrable defense, complete with helmets and paired shields - each with a unique aesthetic. Each equipment has its own statistics and gives a unique bonus: breaking through defenses, poisoning, adding damage ... In this unforgiving one-on-one battle, any small advantage can give you an edge. As a knight in the quest for honor, you will have no vanguard, no paladin, no templar on your side; only your knights and swords. Experience a solo campaign with ruthless opponents, rulers and kings, hard battles and beautiful arenas: from castle sieges to melee pits, to scorched battlefields and arid deserts, only the brave and formidable will raise their swords and give the final slash to complex political stories. Instant duels and arena seasons make you clash straight into battle, climb stairs to earn the highest title and get the best loot. Push yourself into an unforgiving medieval war: enter the arena and find the opening to unleash a variety of powerful knife skills and chain of attacks using special techniques (still no mordhau). And never forget: don't try to show off, we let that for those horse mounts and blade paladins the joust. Here in the arena, iron, blood and skill are the difference between glory, and death.
